**Before mindful meditation there was ecstatic elation!
Join us for a return to the original means of divine communion
and spiritual transformation.**

An amazing, blazing combination of spirited ceremony, tent revival, and life force theatre, Sacred Ecstatics takes you on a journey to the jazzy heartbeat of mystery. With soulfully improvised music by pianist Brad Keeney and spiritually charged movement led by Hillary Keeney, you are primed for a life-changing immersion in the divine force behind full blown healing and mystical experience.

In this two-day intensive the Keeney's will introduce you to the simple yet powerful practices required for the induction and conduction of heightened ecstatic experience. Together we plunge into the joyful fire of "spiritual cooking" that creatively excites and soulfully ignites your everyday life.
